[AY-REPSE 2019]

Introduction

For the 70-year reign of His Majesty the Late King Bhumibol Adulyadej ceaselessly dedicated his entire reign to improving his Thai people's lives for betterment and took the country out of several deadly turns with his wise counsel as the royal oath he gave during the coronation ceremony that *"We shall reign with righteousness for the benefit and happiness of the Siamese people"*. His Majesty's wisdom and lifelong work will continue to be the beacon of hope that guides all Thais into a new dawn. Bestowed by His Majesty the Late King Bhumibol Adulyadej on the people of the Kingdom of Thailand, the Sufficiency Economy Philosophy (SEP) has now firmly taken root in Thai society. It has become

the guiding philosophy for our country's development. On behalf of the Royal Thai Government, we strongly reaffirmed that the Government and people of Thailand follow in His Majesty's footsteps, carry on his royal legacies and also continue to actively promote SEP to the world, as Thailand's valuable contribution to the principles and practice of sustainable development.

As the torch of bearers of His Majesty's legacy for development, the Office of the Permanent Secretary, the Office of the Prime Minister shall continue actively promoting SEP to the world, as Thailand's valuable contribution to the principles and practice of sustainable development by proceeding to promote and disseminate SEP preliminary to ASEAN youths as the seed for the changes and hopes for the future in the third year of the international exchange program "the 3rd ASEAN Youth Representatives in Experiencing the Philosophy of Sufficiency Economy" (AY-REPSE 2019, Thailand) during 19-24 January 2019 in Thailand. Besides, it is also a good opportunity to launch a youth connectivity network on realizing the SEP guiding the way to sustainable development.
